Subject: CONCORD rectification action

25 NOV. 1986+

Please be advised that Gallaher decided not to file appeal against the Oct 27 High Court decision and their solicitors advised ours accordingly.

Gallaher's UK CONCORD registration will therefore be struck off the register and PM Inc's pending application for this trademark can proceed.

Gallaher's decision not to appeal will also facilitate further discussions that PM Inc wish to pursue re CONCORD in other countries where this trademark is registered by Gallaher.
